Program enhancements

Updated technology services - Technology can simplify our lives, and the improved services through Empower will make it easier for you to manage your account and obtain account and investment information.
 A useful, interactive website available for Plan participants at www.empowermyretirement.com and an interactive voice response system at (800) 701-8255 will make it easier to keep an eye on your account and make transactions at any time you choose, 24 hours a day, seven days a week.² You can also access the website from your mobile device for even more flexibility.

Some of your technology services will provide a simple and paperless solution to managing your account. The new paperless solutions will include:

- Statements on Demand Access your account data on the website, including transaction history for a period you specify.
- Beneficiary Recordkeeping With this feature, you will select your beneficiary and update your beneficiary information on the website as necessary.
- Deferral Recordkeeping This allows you to make changes to your contributions through the automated voice response system, the website or a retirement plan specialist.
- Improved tools and education Retirement is all about possibilities, and with the
 right planning tools your possibilities are endless. If you would like to plan your
 portfolio and manage your investments yourself, there are excellent tools
 available on the website:

- Online financial tools and calculators can help guide you through retirement planning and savings decisions.
- You can research investment option information, including fund fact sheets and investment performance returns, and view online prospectuses and/or disclosure documents.
- Roth contribution option Your County of Henrico 457 Plan will allow Roth contributions after the transition, giving you the flexibility to designate all or a portion of your elective contributions as Roth contributions.

The Roth option essentially "locks in" today's income tax rates on all contributions. Payroll contributions are on an after-tax basis. The advantage of Roth contributions is that once the amounts are contributed and stay in the 457 for five years, distributions at retirement are tax free.

For some people—especially those who expect to be in a higher tax bracket when they retire—the Roth option may make the most sense.

If you expect to be in a lower tax bracket when you retire, you might want to continue contributing on a pre-tax basis. In this case, you won't pay taxes on your contributions or on any earnings on your contributions until you take a distribution, which is usually during retirement.

You can decide whether contributing to your Plan on an after-tax basis or a traditional pre-tax basis best meets your financial retirement goals. However, unless you make a change, your current contributions will continue to be deducted on a pre-tax basis.

- Public Safety Insurance Premium option The Healthcare Enhancement for Local Public Safety (HELPS) Retirees Act allows eligible retired public safety officers to use up to \$3,000 per year from their qualified retirement plan, on a pre-tax basis, to pay for their health care or long-term care insurance premiums. The money must be paid directly from your account to the health or long-term care insurance company. The form is located on Empower's website.
- Online Investment Guidance, Online Investment Advice, and the Managed Account services - If you're interested, your enhanced program offers three different types of investment assistance through Empower Retirement Advisory Services (Advisory Services), provided by Advised Assets Group, LLC (AAG), a registered investment adviser:
 - o Online Investment Guidance Asset allocation recommendations for the more hands-on investor, available at no additional cost to you.

- Online Investment Advice Fund-specific recommendations provided for an additional fee.
- Managed Account service Fund-specific recommendations and ongoing account management for an additional fee.

If you prefer to manage your account on your own, you can use Online Investment Guidance or Online Investment Advice. Each of these services provides a personalized retirement strategy for you. While there is no cost to use Online Investment Guidance, there is a \$25 annual fee, assessed at \$6.25 per guarter, to use Online Investment Advice.

If you choose to have AAG manage your account for you through the Managed Account service, the annual fee, assessed quarterly, is based on a percentage of your account balance.

Account Balance	Maximum Annual Fee
Up to \$100,000	0.45%
Next \$150,000	0.35%
Next \$150,000	0.25%
Greater than \$400,000	0.15%

There is no guarantee provided by any party that participation in any of the Advisory Services will result in a profit or that the related account will outperform a self-managed portfolio invested without assistance.

To learn more about Advisory Services, please visit **www.empowermyretirement.com** after the transition.

Self-Directed Brokerage Account (SDBA) -

A self-directed brokerage account offered through Empower allows you to select from numerous mutual funds and/or other types of securities offered by the Plan, for an additional fee or fees.

The SDBA is for knowledgeable investors who acknowledge and understand the risks associated with many of the investments contained in the SDBA. By utilizing the account, you acknowledge that none of the available options in the SDBA have been reviewed for suitability by your employer, investment manager, or Empower Retirement.

We encourage you to stay informed during the transition by reviewing this information and attending one of the transition meetings.

It is also a good time to review your account to determine if you'd like to make any changes. For example:

- Do you want to change your contribution rate?
- Are your investment choices appropriate for you given your current situation?
- Have you reviewed your beneficiary designation to make sure it is current?

These steps can help you stay on track with your goals and objectives. After the transition, you may go online and make changes to your deferral election, set up Roth elections, transfer funds and more.

Fee structure

An important goal of the County is to keep investment and administrative costs reasonable and transparent for you as a participant.

Right now, you pay fees even though you might not have noticed them as they were deducted from your overall account balance. To increase transparency, the administrative fee for the deferred compensation plan will appear on your Empower quarterly statement. The annual administrative fee is 0.19%. This is assessed on a quarterly basis.

For example, a \$35,000 balance would be assessed an annual administrative fee of \$66.50, assessed quarterly at \$16.63.

Transition meetings

During these meetings, Empower will provide you with additional information about the new features and services. At these meetings, we will:

- Outline the details and important dates of the transition
- Discuss your investment options
- Share information on how to manage your account
- Answer your questions

Fund mapping list

For a smooth transition, your current account balances and future contributions with Voya and ICMA-RC will be transferred to the new investment options through an automatic process called fund mapping. The fund mapping approach was chosen by Henrico County and its investment consultant.

Fund mapping describes the transfer of each of the existing investment options to a similar option available in the new fund menu. The mapping process matches current and new options based on fund strategy and objectives, risk profile, holdings and long-term performance potential.

If you currently have multiple active accounts under the Plan at Voya and ICMA-RC, your funds will transfer to the new fund list. You can decide if you want to make any changes before the blackout period. Each of your current Voya and ICMA-RC account balances will map into the corresponding Empower funds as listed in the Transition Bulletin and the accounts will be consolidated into one Empower account.

If you have ongoing payroll deductions for both ICMA-RC and Voya:

After your account balances have transferred to Empower, Empower can apply only one set of your investment elections to your future payroll deductions. Henrico County determined that your combined payroll contributions after the transition will be invested based on the fund mapping for your ICMA-RC investment elections. Please note: If you want to change that, you can do so by making fund changes before or after the transition.

Check your fund mapping after the transition:

Prior to the blackout period, please review your current investment elections at ICMA-RC and notice how they will be mapped to the new fund list at Empower. That way, you

can check for correct fund mapping on your first contributions sent to Empower with the March 9, 2018 payroll.

In addition, please note that the amount of your payroll contributions will be combined into one account with Empower. For example, if you contribute two percent of your salary to Voya and one percent to ICMA-RC, your payroll deduction will show, after the transition, that you contribute three percent to Empower. You can change your payroll deduction amount before the transition if you submit a deduction change form to Henrico County HR Benefits by February 28, 2018. You can change your deduction at any time; however, IRS requires that deduction changes be applied in the month following the date you submit the deduction change form.

Please contact Henrico County HR Benefits at (804) 501-4389 if you have active accounts with ICMA-RC and Voya and have additional questions.

Please note: There are special rules for the transfer of funds from the ICMA-RC Plus Fund and the Voya Fixed Plus Account. Please see important information at the end of this fund mapping list.

Target Date Fund Mapping

Your Target Date Fund account balances and future contributions will also be transferred through fund mapping to the new investment options based on your current age. Some other funds do not have a new like fund; in that case, the prior fund will be mapped to the applicable target date fund.

The fund mapping chart below lists date of birth ranges and the corresponding new investment option. Balances and future investment allocations will be mapped based on the chart below which may result in an increase or decrease in your investment risk exposure.

The date in a Target Date Fund name represents an approximate date when an investor is expected to retire (which is generally assumed to be at age 65) and/or begin withdrawing money. The principal value of the funds is not guaranteed at any time, including the target date.

Before being mapped into the Target Date Funds above, your conversion balance will be temporarily invested in the Putnam Government Money Market Fund Class A (ticker: PGDXX) until after the final records are provided from Voya and ICMA-RC.

For all accounts

To complete the process of mapping funds, there will be a period of time when you cannot access your account, known as a blackout period. During this period, your funds will remain invested and will continue to gain and/or lose value depending on market conditions.

After the transition, should you wish to change your future contribution allocations or existing account balance to different investment options, please visit the website at **www.empowermyretirement.com** or voice response system at **(800) 701-8255**.

Special rules for the ICMA Plus Fund and the Voya Fixed Plus Account

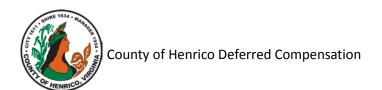

ICMA Plus Fund

Because of provisions of the Plus Fund, assets will remain at ICMA-RC until November 8, 2018. On November 8, 2018, your balance in this fund will be transferred to Empower Retirement and deposited in the **T.Rowe Price Stable Trust**.

If you wish to transfer the money in this fund, please review your account at ICMA-RC prior to the blackout period beginning on March 6, 2018. After this date, any assets in the Plus Fund will remain at ICMA-RC until November 8, 2018.

Future contributions, beginning with the payroll on March 9, 2018, will be sent to Empower Retirement, and contributions previously allocated to the Plus Fund will be allocated to the **T.Rowe Price Stable Trust**.

You will still receive a quarterly statement from ICMA-RC. Upon separation from service, unforeseeable emergency, death or retirement, you may withdraw the balance in this

fund by contacting ICMA-RC. If you have any questions, please contact ICMA-RC at (800) 669-7400.
