

Prescription Program Henrico County General Government and Public Schools Drug List

Your prescription drug benefits include medications available on the Anthem Drug List. Our prescription drug benefits can offer potential savings when your physician prescribes medications on the drug list.

Anthem Blue Cross and Blue Shield Drug List

Your prescription drug benefit includes coverage for medicines that you'll find on the Anthem Drug List. You can often find more savings when your doctor prescribes medicine that is on our drug list. Here are some commonly asked questions and answers about how the drug list works with your prescription drug plan.

Q. What is a Drug List?

A. The Anthem Drug List, also called a formulary is a list of U.S. Food and Drug Administration (FDA)-approved brand-name and generic drugs that have been reviewed and recommended for their quality and how well they work. The review is done by the National Pharmacy and Therapeutics (P&T) Process. The P&T Process is performed by an independent group of practicing doctors and pharmacists in charge of the research and decisions surrounding our drug list. This group meets regularly to review new and existing drugs and they choose the top drugs for our list—based on their safety, how they work and their value. Because the drugs on our list are reviewed from time to time, it's a good idea to check the list to find out if any drugs have been added or removed.

Q. What are Tiers?

A. Drugs on the Anthem Drug List are grouped into tiers. There are several factors that are used to determine under which tier a drug will be put in. This can include (but it's not limited to):

- o Cost of the drug
- o Cost of the drug in comparison to other drugs used for the same type of treatment
- o Availability of over-the-counter options
- o Other clinical and cost factors.

Q. What is a brand-name drug?

A. These are drugs that are developed by a company who holds the rights to sell them. When the rights expire, other drug companies can make their own version of the drugs (see generic drugs below). You may be more familiar with brand-name drugs through advertising or because you know people who take them.

Q. What is a generic drug?

A. Generics are simply copies of brand-name drugs. Brand-name and generic drugs have the same active ingredients, strength and dose. And the FDA requires that generic drugs meet the same high standards for purity, quality, safety and strength. With generics, you get the same quality for less money.

Q. What if my doctor or I choose a brand-name drug when a generic version is available?

A. If your physician requires that you take the brand-name drug instead of the generic drug, it will be covered at the applicable copayment. However, if you elect the brand-name drug when a generic is available, you will pay your usual copayment for the generic drug plus the difference in the allowable charge between the generic and brand-name drug. Please note on the Lumenos with HSA plan, you must meet the overall plan deductible before you begin paying copays for prescription drugs.

Q. Can I request that a drug be added to the drug list?

A. You or your doctor can put in a request to add a drug to the drug list. You can do this either in writing or on our website. Requests are reviewed by the P&T Process team during the drug list review.

Please note that your coverage may be subject to limitations and exclusions. For example, drugs used for cosmetic purposes may be excluded from your benefits. Please refer to your Plan Document for the County of Henrico Health Plan to know for sure.

For more information about your drug plan, you can do the following:

- o **Go to:**
Schools - <http://henricoschools.us/benefits>
General Government - <http://henrico.us/benefits>
- o **Call Member Services at the number on your ID card**
- o **Speech and hearing impaired users (TDD/ TTY) should call 800-221-6915, Monday – Friday, 8:30 a.m. – 5:00 p.m., ET**
- o **Bring a copy of this drug list to your next doctor’s visit to help you and your doctor select the lowest cost medicine**

Tier Drug List Definition

Tier 1 – Lower copayment – Drugs that offer the greatest value compared to others that treat the same conditions. Some of these are generic versions of brand-name drugs.

Tier 2 – Medium copayment – Brand name drugs that are generally more affordable. Drugs may also be on this tier because they are “preferred” among other drugs that treat the same conditions. This may be based on how well they work, if they have less side effects, if they’re more affordable, etc.

Tier 3 – Higher copayment – These are higher cost brand-name drugs. Some Tier 3 drugs may have generic versions in Tier 1 and may cost more than the generic versions on lower tiers.

Tier 1	Amitriptyline/ chlordiazepoxide	Azelastine nasal spray, QL	Bupropion, QL	Chlorhexidine gluconate	Cyproheptadine
Abacavir	Amitriptyline/ perphenazine	Azithromycin, QL	Buspirone	Chloroquine 250mg	Danazol
Abacavir/lamivudine/ zidovudine	Amlodipine, DO, QL	Bacitracin zinc/polymyxin B	Butalbital Compound w/ Codeine	Chlorothiazide	Dantrolene
Acamprosate	Amlodipine/atorvastatin, DO	Bacitracin/polymyxin/ neomycin-hc oph oint	Butorphanol tartrate 10mg/ml N.S., QL	Chlorphen/pyrilamine/ phenylephrine	Desipramine
Acarbose	Amlodipine/benazepril	Baclofen	Cabergoline	Chlorpheniramine/ pseudoephedrine	Desloratadine, ODT, QL
Acebutolol	Amiodipine/valsartan, DO, QL	Balsalazide	Calcipotriene	Chlorpromazine tab	Desmopressin acetate
Acetaminophen/cafeine/ butalbital, QL	Amiodipine/valsartan/ hctz, DO, QL	Belladonna/PB	Calcipotriene/ betamethasone	Chlorpropamide	Desonide
Acetaminophen/cafeine/ butalbital/codeine, QL	Amnesteem, QL, PA	Benzononatate	Calcium Acetate	Chlorzoxazone	Desoximetasone
Acetazolamide, SR	Amoxicillin	Benzoyl peroxide	Camrese	Cholestyramine, light	Dexamethylphenidate, ER
Acetic acid	Amoxicillin/clavulanate, ER, QL	Benzoyl peroxide/ clindamycin	Candesartan, DO, QL	Chorionic gonadotropin	Dextroamphetamine
Acetic acid otic	Amphetamine	Benzyl peroxide/ erythromycin	Candesartan/HCTZ, DO, QL	Ciclopirox	Dextromethorphan/ guaifenesin
Acetic acid/aluminum acetate	Amphetamine dextroamphetamine	Benzotropine	Capecitabine, PA	Cimetidine	Diazepam
Acetic acid/ hydrocortisone	Amphetamine- dextroamphetamine	Betamet diprop/prop gyl	Captopril, HCTZ	Ciprofloxacin, QL	Diclofenac potassium
Acetylcysteine	Amphetamine- dextroamphetamine ER, ST	Betamethasone	Carbamazepine, ER	Citalopram, DO, QL	Diclofenac Sodium Gel, PA, QL
Acitretin	Ampicillin	Betamethasone valerate	Carbidopa	Clemastine fumarate	Diclofenac sodium solution
Acyclovir cap, tab, oint	Anastrozole, PA, QL	Betaxolol	Carbidopa/levodopa	Clindamycin	Diclofenac, ER
Adapalene (except 0.1% lotion)	Antipyrine/benzocaine	Bethanechol	Carbidopa/levodopa CR	Clonazepam	Diclofenac/misoprostol, ST
Adderall XR	Apri	Bicalutamide	Carbidopa/levodopa/ entacapone	Clonidine	Dicloxacillin
Albuterol	Asa/codeine	Bimatoprost	Carteolol hcl	Clonidine ER	Dicyclomine
Albuterol/ipratropium	Aspirin/cafeine/ butalbital	Bisoprolol	Cartia XT, DO, QL	Clopidogrel, QL	Didanosine
Alendronate, QL	Aspirin/cafeine/ dihydrocodeine	Bisoprolol/HCTZ	Carvedilol	Clorazepate	Diflorasone diacetate
Alfuzosin	Atenolol	Brimonidine	Cefaclor	Clotrimazole/ betamethasone	Diflunisal
Allopurinol	Atenolol/chlorthalidone	Bromfenac	Cefaclor ER	Clozapine	Digoxin
Alosetron	Atorvastatin, DO, QL	Bromocriptine	Cefadroxil	Clozapine, ODT (12.5, 25, 100mg)	Dihydroergotamine nasal spray, QL
Alprazolam	Atovaquone	Budesonide XL, DO, QL	Cefdinir	Codeine sulfate tabs	Diltia XT, DO, QL
Amantadine	Atovaquone/proguanil	Budesonide 0.25mg/2ml, 0.5mg/2ml, QL	Cefixime, QL	Codeine/APAP, QL	Diltiazem
Amincinonide	Atropine sulfate	Budesonide EC	Cefpodoxime	Codeine/APAP, QL	Diltiazem CD, DO, QL
Amethia	Aviane	Budesonide Nasal Spray, QL	Cefprozil	Codeine/APAP, QL	Diltiazem CR, DO, QL
Amethia lo	Azathioprine	Bumetanide	Ceftibuten	Colchicine capsule, PA, QL	Diltiazem SR, DO, QL
Amiloride	Azelastine eye drops, QL	Buprenorphine	Cefuroxime, QL	Colchicine tab, PA, QL	Diphenhydramine 50mg
Amiloride/ hydrochlorothiazide		Buprenorphine, QL	Celecoxib, QL, ST	Cromolyn	Diphenoxylate/atropine sulfate
Aminophylline		Buprenorphine/naloxone tablet, QL	Cephalexin	Cyclobenzaprine	Dipivefrin HCl
Amiodarone			Cevimeline	Cyclopentolate	Dipyridamole
Amitriptyline			Chloral hydrate	Cyclophosphamide	Disopyramide

Disopyramide CR 150mg
 Disulfiram
 Divalproex, ER
 Donepezil
 Dorzolamide

KEY

- † = A generic equivalent of this drug recently became available or will be available soon. After the generic drug becomes available and notification requirements are met, this brand-name drug will become Tier 3 or may no longer be covered by your prescription drug plan. Check anthem.com to find out about changes in tier status.
- ~ = Preferred step therapy drug: drug has been chosen to be tried first when treating some conditions.
- PA = **PRIOR AUTHORIZATION REQUIRED.** Prior authorization is the process of obtaining approval of benefits before certain prescriptions may be filled.
- QL = **QUANTITY LIMITS.** Certain prescription drugs have specific quantity limits per prescription or per month.
- ST = **STEP THERAPY REQUIRED.** You may need to use one medication before benefits for the use of another medication can be authorized. Please note: Foradil and Serevent are safety edits that prevent duplication of therapy.
- ST∞ = **STEP THERAPY MAY BE REQUIRED.** You may need to use one medication before benefits for the use of another medication can be authorized. This step therapy may not be required if there is a history of a paid claim for this medication in the prior 6 months.
- DO = **DOSE OPTIMIZATION REQUIRED.** Normally involves the conversion from twice-daily dosing to a once-daily dosing schedule.

Not all medications and not all plans are subject to prior authorization and quantity limits. For more information regarding prior authorization or quantity limits, contact Member Services at the telephone number listed on your identification card.

Smoking cessation drug coverage and over-the-counter drugs

Smoking Cessation Drug Coverage

The Plan also covers prescription smoking cessation medications and over-the-counter (OTC) nicotine replacement products with a prescription from your doctor. For those 18 years and older, 100% coverage of tobacco cessation products is provided for select FDA-approved generic products, brand-name products with no generic alternatives, and approved over-the-counter generic products. This requires a prescription from a doctor that must be presented at an in-network pharmacy. A 30 day supply of OTC nicotine replacement products may be obtained at retail pharmacies only.

Prescription smoking cessation coverage includes a 30 day max supply at retail pharmacies and 90 day max supply through Express Scripts home delivery. For those drugs not covered at 100%, the following will apply. If your physician requires that you take the brand name drug instead of the generic drug, it will be covered at the applicable copayment. However, if you elect the brand name drug when a generic is available, you will pay your usual copayment for the generic drug plus the difference in the allowable charge between the generic and brand prescription smoking cessation medications. Please note on the Lumenos with HSA plan, you must meet the overall plan deductible before you begin paying copays for prescription drugs.

The Plan also covers select over-the-counter (OTC) drugs which treat Allergies and Indigestion/peptic ulcers at the Tier 1 copay, provided you obtain a prescription from your physician. A 30-day supply is available per prescription at local participating retail pharmacies only.

Allergy and Indigestion OTC medications include:

- lansoprazole (generic equivalents of Prevacid OTC®)
- omeprazole (generic equivalents of Prilosec OTC®/Zegerid OTCTM)
- cetirizine (generic equivalents of Zyrtec OTC®)
- fexofenadine (generic equivalents of Allegra OTC®)
- loratadine (generic equivalents of Claritin OTC®/Alavert OTC®)
- Alaway™
- Zaditor®
- Miralax OTC®

In addition, the following OTC items are covered at 100% when you present a prescription from your doctor at an in-network pharmacy:

- Iron supplements for children 0 - 12 months
- Fluoride supplements for children from birth through 6 years old
- Folic acid for women 55 years old or younger
- Aspirin for men between age 45 - 79
- Aspirin for women between age 55 - 79
- Vitamin D for women over 65

For more information:

- If you have additional questions about your prescription benefits please call the Member Services number on your ID card
- Speech and hearing impaired (TDD/TTY users) should call 800-221-6915, Monday – Friday, 8:30 a.m. – 5:00 p.m., ET
- For the most current version of this prescription drug list, please visit:
Schools - <http://henricoschools.us/benefits>
General Government - <http://henrico.us/benefits>
- Bring a copy of this drug list to your next doctor's visit to assist in selecting the lowest cost medications

Anthem Health Plans of Virginia, Inc. trades as Anthem Blue Cross and Blue Shield in Virginia, and its service area is all of Virginia except for the City of Fairfax, the Town of Vienna, and the area east of State Route 123. Independent licensee of the Blue Cross and Blue Shield Association. ANTHEM is a registered trademark of Anthem Insurance Companies, Inc.
