- D. County policy does not supersede any departmental policies that mandate more severe punishment or driving restrictions.

Driver Training:

All persons employed in a driving position shall attend EMWS's Defensive Driving Course within 90 days of initial hire. Non-probationary drivers must attend the County Defensive Driving course every three years after the initial session. To schedule training, contact EMWS. Course information may be accessed through this link: <http://employees.henrico.us/info/defensive-driving/>

Accident Review Board:

- A. The Accident Review Board meets on the third Thursday of each month. The Board reviews police reports from the previous month where County vehicles were involved in an accident. The Board does not decide the guilt or innocence of the County driver. Instead, the Board determines whether or not the County driver did everything reasonable to prevent the accident. The decision that the accident was "preventable" does not indicate guilt. It means the Board believes the driver should have been able to prevent the accident. If the driver disagrees with the Board's initial decision, he/she may submit in writing within thirty (30) days a one-time appeal. The written appeal may be submitted to the Office of EMWS using one of the following four methods:

1. Inter-Departmental Mail
2. E-mail the document to: henricosafety@henrico.us
3. Fax to 804-501-5663
4. Deliver in person to: Office of EMWS, 8604 Staples Mill Road, Henrico, VA 23228.

The Board may decide whether or not an individual involved an accident deemed preventable should attend a defensive driving course. This requirement will be based upon the nature and the severity of the accident. Failure to attend a defensive driving course may result in a recommendation to revoke the employee's driving privileges.

B. Rules Governing the Accident Review Board:

1. Members of the Accident Review Board are appointed by Department Heads, or their designees, from the following: Police, Fire, General Services, Human Resources, Public Utilities, Public Works, Recreation and Parks, and Public Schools.
2. The Safety Officer votes only when it is necessary to break a tie vote between Board members. Normally, the Safety Officer serves as the meeting coordinator for the Board.
3. Members of the Accident Review Board are appointed based on their driving skills and experience, management expertise, and knowledge of County fleet policies.
4. Department Heads, or their designees, shall review every accident involving a County vehicle to determine if the accident occurred by violating County rules or regulations. Punitive action may be taken, but such action may also be reviewed by Human Resources and Employee Relations.
5. If the Accident Review Board determines that an accident was preventable, the Department Head, or his/her designee, will be notified. Appropriate corrective action, including but not limited to, training or retraining, will be determined on a case-by-case basis by departments.
6. Accident Review Board decisions shall be forwarded to the Safety Officer(s), and to the Department Head, or his/her designee, within ten business days to inform the employee(s) involved in the accident of the Board's decision.

7. During an employee's appeal hearing, the Board will consider any mitigating or extenuating circumstances. The Board will re-evaluate its previous decision based upon the employee's new information, as well as with any pertinent information from his/her supervisor, and/or any other person having information regarding the accident. After consideration, if the Board affirms its previous decision, the employee will be notified the first decision stands. If the Board concurs with the employee, the employee's record will be amended accordingly. The Board's decision regarding an appeal is final.
